AFRICA 2019**

PACKAGING • PROCESSING • PRINTING • PLASTICS

PER SESSION: R500 (ex vat) IPSA Members • R700 (ex vat) Non Members

Tuesday 12th March 10.00am
Packaging & Waste Management – the Law & the Facts

Led by Shabeer Jhetam

- The latest information of how the industry, associations and companies are interacting with government directly related to legislation affecting packaging and the environment.

Tuesday 12th March 2.00pm
Plastic Packaging Unpacked

Led by Annabé Pretorius

- Everything you should know about the different types of plastics as both rigid and flexible packaging, the substrate's role in a circular economy, efficiencies and deficiencies.

Wednesday 13th March 10.00am
A Lean Six Sigma Approach to Quality Management

Led by Kishan Singh

- Kishan Singh (BSc Chem; Biochem, post graduate in Management Sciences, City and Guilds in Quality Management, and Lean Six Sigma Black Belt practitioner) discusses the development of management systems, ISO certification schemes and the practical integration of Lean Six Sigma Black Belt principles into business processes for bottom line optimisation.

Wednesday 13th March 2.00pm
Corrugated and Paper Board Packaging Unpacked

Led by Colin Meder

- Often underestimated for its versatility in widespread packaging applications, this substrate continues to benefit from major technological developments and is still a packaging substrate for the future.
